Dear Harold,

Enclosed please find clippings of interest. I want to wish you both happy birthdays. How are your wife's legs doing?

Do you know of any book Posner has done on the MLK case. One of these clippings pertains to that.

As per our recent phone conversation I will send you the WC Volume I that I reprinted on my computer.

Been very busy. One of my best friends passed away from a heart attack. He was only 45 and I was at the wake + funeral.

Will send out more stuff soon.

Hope you feel well.

Scott
